

## Welder Barroso - Frontend Developer

**Email:** welderb40@gmail.com | **Phone:** +55 95 99134-1586

**LinkedIn:** <https://www.linkedin.com/in/welder-barroso-37b654207>

**GitHub:** <https://github.com/WelderBM>

**Portfolio:** <https://welderbarroso.netlify.app>

**Location:** Remote / Boa Vista, Roraima, Brazil

---

## Professional Objective

Frontend Developer specialized in React, Next.js, and TypeScript, focused on building scalable and high-performance digital products. Seeking to apply technical skills and adaptability to contribute to innovative teams, driving excellence in software development.

---

## Professional Summary

Frontend Developer experienced in building scalable web and mobile applications using React.js, Next.js, React Native, and TypeScript. Skilled in REST API integration, version control with Git, interface optimization (Lighthouse), and agile methodologies (Scrum). Communicative, fast learner, and committed to delivering high-quality software solutions.

---

## Professional Experience

### Frontend and Mobile Developer – Pigz

*January 2025 – Present (CLT)*

- Development and maintenance of web and mobile applications using React.js, React Native, Next.js, and TypeScript in systems like Pigz Comanda, Pigz Kiosk, Pigz Desktop Management, and Pigz Partner.
- Technical leadership in critical production hotfixes, resolving issues quickly and ensuring operational continuity.
- Rapid learning of new technologies such as Redux, recognized as the team member with the best initial adaptation.

- Active participation in Scrum ceremonies (daily stand-ups and sprint meetings) using Jira and Google tools.
- Continuous contribution to code reviews, technical documentation, and versioning through GitHub.

### **Frontend Developer – R2T**

*February 2022 – December 2022*

- Technical lead for the Frontend in dynamic and responsive systems using React.js, Next.js, JavaScript, HTML5, and CSS3.
  - Full project upgrade to the latest Next.js version, achieving significant performance improvements validated via Google Lighthouse.
  - Internal recognition as a Next.js reference, leading a high-visibility project.
  - Direct collaboration with designers for visual architecture and UI optimization.
  - Implementation of Storybook for component documentation and active participation in critical rollback operations via Git.
- 

## **Education**

- **Technical Course in Informatics Integrated with High School** – Federal Institute of Roraima (IFRR) – 2021
  - **English Course** (ongoing) – SENAC
  - **Professional Web Frontend Programming Course** (ongoing) – SENAI
- 

## **Certifications**

- Technical Degree in Informatics – IFRR

## Technical Skills

### Languages and Frameworks:

- React.js, React Native, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3

### UI and Design:

- Styled Components, TailwindCSS, Ant Design, Figma

### State Management:

- Redux, Context API, React Hooks

### Testing and Documentation:

- Storybook, Git, GitHub

### Methodologies and Tools:

- Scrum, Jira, Slack, Teamwork

### Core Competencies:

- REST API Integration

- Scalable Component-Based Architecture
- Performance Optimization (Lighthouse)
- UI/UX Collaboration
- Version Control and CI/CD Processes
- Agile Team Collaboration and Technical Problem-Solving
